

At Lockers Manufacturing, we offer top-quality, durable steel lockers that prioritize health and hygiene. These lockers feature advanced antibacterial protection, making them an ideal choice for environments where cleanliness is paramount.

ANTIBACTERIAL-PROTECTED POWDER COATING

Our Antibacterial Steel Lockers are coated with PPG SilverSan™ antibacterial-protected powder coatings. This innovative coating utilizes silver ionic technology to inhibit bacterial growth on surfaces, ensuring a safer and more hygienic storage solution.

KEY FEATURES & BENEFITS

- Inhibits Bacterial Growth:** Silver ions are gradually released, providing continuous protection against bacterial growth on locker surfaces.
- Long-Lasting Protection:** Antibacterial properties remain effective even after repeated wear and exposure, ensuring lasting defense.
- High-Temperature Stability:** Tested to withstand temperatures up to 100°C while maintaining its antibacterial effectiveness
- Vibrant Color Retention:** The coating preserves its vibrant appearance over time, resisting fading and wear.
- Eco-Friendly and Reclaimable:** Designed with sustainability in mind, the coating process generates minimal waste and is fully reclaimable.
- Superior Durability:** Delivers exceptional resistance to microorganisms and offers outstanding exterior durability.

ENVIRONMENTAL CONSIDERATIONS

Eco-Friendly Steel: Highly recyclable, steel reduces waste and supports sustainable material reuse.

Safe and Non-Toxic: Our VOC-free powder coating ensures lockers are safe for indoor use, promoting a healthier environment.

MAINTENANCE & CARE

Our steel lockers are simple to maintain and clean, requiring only standard cleaning agents to keep them looking new and hygienic.

Maintenance Tips:

- Regularly inspect lockers for signs of wear and tear.
- Use mild cleaning agents to protect the powder coat.
- Lubricate hinges and locks periodically to maintain smooth operation.

Lockers Manufacturing offers steel lockers with advanced antibacterial protection, combining durability, safety, and hygiene. Our lockers are a cost-effective, eco-friendly solution, providing long-term value and peace of mind. Choose our antibacterial steel lockers for reliable, hygienic storage solutions that enhance safety in any environment.
